Subject: Public comment on Small Claims Court

Mark Thoreson
My comment is below:

Dear Sir and Madam,
I urge you to support the creation of the stated Small Claims Court. As a multiple patent holder and developer of my own devices, I am highly concerned that a competitor may use the USPTO and PTAB to steal my IP and destroy my years of work and Constitutionally guaranteed ownership of value and profits.
Please work to support the creation of this Small Claims Court . Millions of Americans are taking their efforts and money OUT OF THE USA because other countries will protect IP of the inventor where, currently, the USPTO does not. This is a shame, not to mention it is a diminished quality of American life.
Thank you for this opportunity to comment. Please do right by American citizens working to contribute to innovation!

Sincerely,
Mark Thoreson
